Paddock Laboratories, Inc. Proud Recipient of HDMA's 2007 DIANA Award

Minneapolis, November 6th, 2007: Paddock Laboratories received the prestigious Healthcare Distribution Management Association's 2007 DIANA Award at the Annual Leadership Forum. The award is for Best New Product Introduction and Product Promotion, in the Generic Pharmaceutical category. Paddock received the award for the launch of [Caffeine Citrate Injection and Oral Solution, USP \(20mg/mL\)](#). Caffeine Citrate is a cerebral and respiratory stimulant indicated for the short term treatment of apnea in premature infants between 28 and 32 weeks gestational age.

"Being the recipient of the DIANA Award is a great honor for Paddock Laboratories," said Sales & Marketing Vice President, Allan Slizewski, "Paddock is committed to providing quality, affordable generic pharmaceuticals to consumers and is proud of its long-standing partnership with HDMA and its members."
